### PROJECTS

#### E-commerce Website (In Progress)

- **Description:** Currently developing a comprehensive e-commerce platform featuring dynamic product listings. Utilizing React.js for a seamless user experience, Material-UI for sleek component styling.
- **Technologies:** React.js, JavaScript, HTML5, CSS3, Bootstrap.
- **Company Project:** This project is part of my professional work at my previous company, where I collaborated with a team to ensure a robust and user-friendly shopping experience.

#### New Portfolio Website (In Progress)

- **Description:** Creating a new personal portfolio website to showcase my projects and skills. The website features interactive elements, animations using GSAP, and a responsive design for optimal viewing on any device.
- **Technologies:** React.js, JavaScript, HTML5, CSS3, GSAP
- **Company Project:** Developed as part of my role at my previous company to highlight my professional and personal projects.

#### Additional Projects

Completed 28 projects ranging from basic to advanced levels, these projects were completed as part of my professional experience at my previous company, where skills in frontend development were applied to deliver high-quality web applications.

- **Extensive use of React.js:** Built dynamic, component-based user interfaces for various applications.
- **Leveraged JavaScript and APIs:** Created interactive and data-driven applications to enhance user engagement.
- **Styled projects using HTML5, CSS3, Material-UI, and GSAP:** Ensured visually appealing and responsive designs.
- **Showcased Projects:** All projects, including those in progress, are showcased on my portfolio website and available on [social Link section above](#).

### SKILLS

- **Frontend Development:** React.js, JavaScript, CSS, HTML, GSAP, AOS Animations, Bootstrap, Figma to HTML, Next.js
- **UI/UX Design:** Adobe Photoshop, After Effects, Sketch, Figma, Adobe XD, Illustrator, CorelDRAW
